

Childcare Voucher Scheme

Fully Supported

Fair Care provides a complete solution for employers who want to introduce this valuable benefit. Supported by dedicated account managers and a highly-experienced support team, service levels are exceptional.

Flexible & Bespoke

Whether on-line, paper-based or a mixture of both, the scheme is tailored to the employer's specific requirements. To ensure engagement and maximise take-up, every scheme is personalised, with all communication and marketing material individually branded.

Enhanced Benefits

Members benefit from a range of discounts on childcare-related products and services, including children's and maternity clothing, pushchairs, car seats, toys, educational material and days out. Members can also access a 24/7 parental support service, giving advice on all aspects of parenting.

Fair Care
Employee Benefits

The Childcare Voucher Scheme is a very popular tax-free benefit, helping working parents meet the cost of childcare.

Under current legislation, employers can offer their employees childcare vouchers worth up to **£243 per month** (£55 per week), free of tax and national insurance.

This means that a basic-rate tax payer can save up to **£904 per year**, whilst a higher-rate taxpayer can save up to **£1,196 per year**.

Operated through a salary sacrifice scheme, the employer will also save national insurance contributions, normally at **12.8%** of the value of the vouchers provided.

Every scheme is personalised, with all communication and marketing material individually branded. This will include publicity materials (posters, flyers, e-mailers, intranet and internet pages), application packs and supporting guidance notes.

Our processes are structured to suit the employer's payroll requirements, with accurate payroll deduction reports issued in an agreed format at an agreed time.

Enhanced Benefits

Scheme members benefit from a great range of discounts on childcare-related products and services, including children's and maternity clothing, pushchairs, car seats, toys, educational material and days out for all the family.

Scheme members can also access a 24/7 parental support service, giving advice on all aspects of parenting.

Exemplary Service

Support for employers is provided by a dedicated account manager, who will manage the set-up process, be responsible for the launch and communication of the scheme and provide proactive, continuous support on an on-going basis.

Employees have access to our highly experienced and dedicated helpdesk team. We believe in the personal touch, so employees will not have to wait in a telephone queuing system and will get an immediate response to their questions.

This level of service also applies to childcare providers, who benefit from instant payment when they redeem their vouchers and receive timely and comprehensive remittance information.

Peace of Mind

Our service is based on efficient and accurate processing, with sophisticated financial controls in place to ensure absolute security for your employees' funds.

We have invested heavily in state of the art systems, ensuring business continuity measures are in place. We regularly review our processes to ensure that we comply fully with Data Protection requirements, ensuring privacy of data for employers and the scheme members.

As an experienced childcare voucher provider, we have an excellent reputation for providing trouble-free schemes with effective implementation and seamless administration. We offer a fully outsourced solution, which ensures that the employer's involvement is kept to a minimum.

Key Points

- Any employee, male or female, who has a qualifying child or who has parental responsibility for a qualifying child, can take part in a Childcare Voucher Scheme.
- It is possible for married couples or partners with parental responsibility for the same qualifying child to both take part in the scheme, thereby doubling the savings.
- A child qualifies up to the 1st September following their 15th birthday, or if disabled, 1st September following their 16th birthday.
- The childcare must be provided by a Registered or Approved childcare provider, including nurseries, childminders, nannies, before and after school clubs, certain activity and holiday clubs.
- The scheme must be generally available to all employees.

A Flexible Solution

We can offer a variety of set-up options, including on-line voucher accounts, traditional paper vouchers or electronic Easy Vouchers. We can offer these options in combination, giving complete flexibility whilst still keeping the scheme administration simple.
